Everest Region Treks

All mountain treks have a wide range of temperatures so best clothing is a lot of thin layers, which are easier to adjust as the temperature fluctuates and are more effective than a few thick items of heavy clothing. Please note that many Nepalis are still traditional in the way they dress. We therefore recommend that you dress conservatively - no sleeveless tops or revealing clothes.

Although shorts are acceptable they should be modest and reach to just above the knee and for women a skirt or trousers are preferable.

EQUIPMENT HIRE

Duffle bags or soft kit bags are required for the porters to carry on trek. For all clients with a UK postal address a soft kitbag is provided free of charge. For the flight to/from Lukla the weight limit for your kitbag/checked luggage is 10kg, plus 5kg hand luggage. Any luggage not needed for the trek can be stored at the hotel in Kathmandu free of charge. Many people prefer to pack the kitbag inside a suitcase so that the suitcase can be left in Kathmandu with such items.

Equipment such as down jackets and sleeping bags can also be hired cheaply in Kathmandu through our local agent; these must be prebooked through the Exodus office to ensure availability – please call for details. There are also many shops in the Thamel district of Kathmandu which sell cheap clothing and trekking accessories of varying quality.

If you prefer to hire gear in UK, equipment is available from **Trek Hire UK (www.trekhireuk.com)**.

Cotswold Outdoor and Nomad Travel Stores offer Exodus clients a 15% discount and Ellis Brigham offers Exodus clients a 10% discount off purchases; please present your booking confirmation to redeem this.

For specific advice on individual items we recommend that you contact our Customer Operations department on customerops@exodus.co.uk or talk to a specialist outdoor retailer prior to your trip.
